About the University

Kalinga Institute of Industrial Technology (KIIT) Deemed to be University, Bhubaneswar, is globally recognized as an Institution of Eminence by the Ministry of Education, Govt. of India. Founded by visionary educationist Prof. Achyuta Samanta, KIIT has emerged as a premier multidisciplinary university accredited with NAAC 'A++' Grade and ranked among top global institutions by Times Higher Education (THE) and QS World University Rankings. Spanning 25 world-class campuses, KIIT provides cutting-edge laboratories, world-class sports facilities, and an inspiring academic ecosystem to over 40,000 students from 65+ nations.

About the School

The School of Computer Engineering at KIIT is dedicated to excellence in technical education, research, and innovation. The School offers high-quality undergraduate, postgraduate, and doctoral programs with state-of-the-art computing facilities and industry-aligned curricula in AI, Data Science, and Software Engineering. It maintains strong industry collaborations, active IEEE student branches, and an environment fostering high-impact research, entrepreneurship, and experiential learning for real-world engineering solutions.

About the Conference

The AI-Enabled Smart Solutions for Industry, Governance, Healthcare, and Sustainable Development (ACIE-2027) conference, organized in technical collaboration with the IEEE Bhubaneswar Section and ACIE Open Access Journal, provides a premier international forum for researchers, academicians, and industry leaders to deliberate on modern advances in artificial intelligence. Focusing on foundational AI, IoT, multimodal perception, smart governance, and healthcare systems, ACIE-2027 bridges theory and practice for sustainable societal impact.
